Associate Membership

Dear Colleague

As part our continued development , the Darfield Community Association has become a company limited by guarantee as outlined at our last AGM. This move provides us with a recognised legal status which both funders and public bodies require in order to enter into funding contracts.

As defined in the Companies Act we have a duty to inform all members and provide them an opportunity to revalidate there membership in line with the Company Limited by Guarantee status.

Please refer to our membership policy for full details.

As an Organisation or Individual who is not resident in Darfield i/we wish to become a member of the Darfield Community Association.

I understand that as a Associate member I/we can attend general meetings but are to eligible to vote.
